DIV. OF OIL, GAS & MINING

February 24, 2012

Mr. Paul B. Baker
Department of Natural Resources
Division of Oil, Gas & Mining
PO Box 145801
Salt Lake City, UT 84114-5801

Dear Mr. Baker:

This letter is being sent at the request of Mr. Robert Steele of Nephi Gypsum Quarry; M/023/0011. I have had conversation with Mr. Wayne Western of your office regarding this situation and expressed my views to him on the telephone. We missed each other during a site inspection late last fall. While I was driving to the property, he was driving away from the property. I tried to flag him down but he did not recognize me.

Nephi Sandstone owns a five-acre portion of the mine site. The current use of this property is not related to mining. Our current use of the property is for material storage. Future use will not be related to mining. Nephi Sandstone has no objections to releasing the bond associated with the five-acres. We accept the site in its current condition.

Please notify me if you have questions.

Sincerely,

A handwritten signature in cursive script, appearing to read "Bruce H. Evans".

Bruce H. Evans
